

KAYDEN XUN KAI HO

Part II - Graduate Architect - LAM / RIBA -

About Me

I am an architecture student focused on sustainable and bamboo architecture. My experience includes designing eco-resorts, heritage museums, and innovative retail interiors, all driven by a commitment to creating environmentally friendly spaces that inspire and serve communities. Through my studies, freelance work, and leadership roles, I have developed strong skills in design, adaptability, and collaboration, which I'm excited to bring to future projects.
